FOREIGN PLANT QUARANTINES

To Our Patrons

We take great pleasure in presenting to you this, Our
Descriptive catalogue of

"DAHLIAS ELITE"

Only the varieties which we have grown and found worth
while in every way are listed.

We list both plants and tubers of all varieties except where
stock is limited.

By our method of propagation we are able to supply
healthy pot grown plants at about half the price of tubers.
Our young plants if given the proper care, we guarantee to
flower; and they will produce tubers, which can be stored for
the following season.

Visitors are always welcome at our grounds on Harding
Road; especially in blossom time when selections can be made
with much greater satisfaction from the flowering plants in
the fields.

Very sincerely yours,

W. W. KENNEDY & SONS.

Elite Glory

The most sensational Dahlia of the 1924 season. Was first shown at Red Bank, N. J., as a seedling in 1923. A monstrous flower with the credit of winning the prize for "largest bloom in show" at the New Jersey State show in Trenton and also at the Monmouth County Horticulture Show at Red Bank.

Certificate of merit at Red Bank, 1924.

Certificate of merit at New Brunswick, 1924.

Certificate of merit at Caldwell, 1924.

Certificate of merit for best undessiminated seedling at American Dahlia Society Show at New York, 1924.

Scored 92 Exhibition at A. D. S. trial grounds Storrs, Connecticut and recommended for gold medal.

Scored 91, Exhibition at New Jersey Dahlia Society trial grounds at New Brunswick.

Strange to say, this gigantic flower is not at all awkward but is both pleasing and spectacular in appearance. And added to its other good qualities, it will keep remarkably long after cutting. The color is a brilliant rich red without any apparent purple or maroon shading. "Elite Glory" may almost be regarded as a "break" and assuredly is not surpassed for spectacular effect for exhibition or garden.

"Elite Glory" may be seen growing in quantity at our grounds on Harding Road and to which the Dahlia loving public are invited to see for themselves what a really wonderful dahlia it is. It will also be seen growing at all the Eastern, Southern and Western trial grounds this year. And also at the Bronx Park Botanical Gardens, New York City.

TESTIMONIAL

Rumson, N. J., Sept. 9th, 1924

W. W. Kennedy & Sons.

Dear Mr. Kennedy:

I have had the pleasure of seeing your new Dahlia "Elite Glory" growing today.

I cannot in words express to you, what I think of this magnificent variety; it is truly a wonder.

As an exhibition Dahlia I have never seen anything to equal it.

You have indeed set a new high mark, and I sincerely congratulate you.

Yours very truly,

W. H. WAITE
